

Red Rooster III - Riviera Cruise

Book your RIVIERA CRUISE aboard
The Red Rooster III
4 Day Excursion

The Red Rooster III is what a sportfishing yacht is all about. Its 105 feet of fishing luxury that was custom built. Her main salon includes an entertainment center and ample room for relaxing. You can enjoy the fresh ocean breeze on her spacious sun deck.

In February, we ran 4 day excursions down to Baja California. To a quiet town that offered spectacular whale watching, sportfishing and many areas to hike and explore. We were so impressed with the resource, the infrastructure committed to tourism, and the many activities available.

On your trip you'll enjoy incredible whale watching. You'll have the chance to pet the whales with the professional guides on board. The local boats are very well kept, safe and comfortable. The whaling is done in the calm waters of the Mangroves where the cows and calves are getting ready for their next migration.

We'll go south 25 miles to Puerto Magdalena and spend the day hiking up to Santa Maria Bay after a fresh seafood lunch. The lunch is luscious, with fish, shrimp, lobster and Chocolate clams all local and fresh. The restaurant and town of Puerto Magdalena is straight out of a history book. The easy hike to the long sandy beach of Santa Maria Bay takes the afternoon and soon we are back up to Lopez Mateo by dark after another majestic cruise up the mangroves.

Sportfishing is also available in the Mangroves. You'll have live bait to fish with on a comfortable, well-kept boat. The guides have a lot of experience and put you on a variety of inshore fish. We found this to be worthy of at least a full day fishing through the miles of the Mangroves.

Red Rooster III will organize activities in the pristine waters of Magdalena Bay from the comfort and security of 105 foot luxury Sportfisher.

A domestic flight from Tijuana direct to La Paz makes travel very simple. At the airport, you will be greeted by a staff member who will escort you by shuttle van to Puerto Chale, a two hours ride. There you will meet the crew who will accompany you to the boat by water taxi (panga). You'll be able to adjust your activity level, passengers should be in good health and able to board the RRIII from the smaller (and less stable) panga. Once you arrive sit back and relax in your own private stateroom while your dinner is being prepared by our Chef.

There are 15 staterooms available with daily turndown service included. Each stateroom has accommodations for two with two rooms accommodating four. The two four person rooms will be great for families with kids.

The itinerary will be 2 days of whaling and a hiking day on Magdalena Island. Fishing is also available for an additional cost. Crew onboard will provide escort on various activities as needed. This is a great opportunity for couples and families.

The RED ROOSTER III is inspected and licensed annually by both the American Bureau of Shipping and the U.S. Coast Guard for her exceptional water-tight integrity, stability, and safety. You simply cannot find a better vessel.
